

Off the Point Three Railer

SUR: 1.5 Video
 EXR: 3.5 ESPN
 MSR: 85% AP

This shot is not as hard as it looks. I recommend using 20 degrees of elevation. Be sure to avoid elevating too much, which is a common mistake on this shot. Aim a little left of the center of the point of the corner pocket. Use a medium to medium hard stroke. You will need to use a punch stroke because your follow through is restricted, unlike a normal shot. A punch stroke will avoid a double hit.

If the cue ball comes up short (Path X), aim a little more to the right. And if the cue ball comes up long (Path Y) aim a little more to the left.

Mr. 60/60

The first time I saw this shot was when Norm "Farmer" Webber gave an exhibition while passing through Chattanooga, Tennessee. Norm's show was extremely faced past and entertaining as he was able to shoot 60 shots in 60 minutes! I was just getting into exhibitions at the time, so he turned out to be a big influence on my life. Norm is a great showman with a wonderful and always cheerful personality, which is exactly what it takes to do a good exhibition. In fact, showmanship is just as important as the having the skill to make the shots.
